DESIGNED FOR MULTI-SECTOR APPLICATIONS

# VANLITE V10

**Long life, high intensity Cree LEDs** - V10 uses the latest in LED technology offering optimum performance and extended life, reducing vehicle downtime and increasing productivity. The V10 uses only 6W to produce 624 lumens of clean white light, which is up to 7 times brighter than the original OEM light, whilst using only half the power consumption, creating a safer, more productive working environment.

**Fits into existing OEM aperture & connector** - The V10 carries exactly the same fitment specification as the original OEM light to enable quick & easy installation.

**Quick & easy to install** - The V10 is easy to install without the need for more holes or drilling. Simply pop out the original light, unplug and replace with the V10 - in less than 30 seconds.

**10 year warranty** - Built with the latest hi-tech heat management and hard-wearing components, the V10 comes with Labcraft's market leading 10 year warranty.

## SPECIFICATION

ALL DIMENSIONS HAVE A TOLERANCE OF +/-1mm

		12V	Compatibie Makes & Models
Voltage Range	VDC	10-32	<b>Nissan:</b> NV200, NV300, NV400  <b>Renault:</b> Master (1997 onwards), Trafic (2001 onwards)  <b>Vauxhall:</b> Movano (1997 onwards), Vivaro (2001 onwards)
Average Current	A	0.45	
Light Output	lm	624
